

Organizer Genie[®] Tool Organizer

Stackable Tool Storage and Carrying Box

A professional's prized possession are his or her tools. Tools are like a companion to help get jobs done. Equally important to using the tools are care and accessibility of tools. Tool organizer and tool storage are essential for proper maintenance, better access and optimal use of space. The Organizer Genie tool organizer line helps organize tools of all kinds, shapes, sizes and contour.

Ascend Tools introduces a stackable carrying toolbox which seats in pegboards populated with organized tools and locks it in place. To carry multiple populated pegboards, extension cases can be added to the main carrying box – WHICH CAN EASILY BE CARRIED TO WORK AREA. The technician uses the needed tools and puts them back in place on the pegboard -neatly organized when needed for the next job.
